Review (Free Game) Duel
Spirit World is a challenging
side-scrolling fighting game
that combines both anime

and tokusatsu. You're able to choose from more than twenty different characters from both the anime world and the Japanese tokusatsu series, including Astro Boy, Kamen Rider Blade, Ressha Sentai ToQger, and A-1 Pictures' own Yu-Gi-Oh! franchise. If you're looking

three types of combatants in the fight – those that can be defeated by physical attacks, those that can be defeated by entering a super move, and those that can be defeated by a group of other fighters. Each fight has a maximum number of fighters that can enter the

super move, and you can either strike these fighters individually or activate the super move together. The super moves are pretty cool, but there are some fighter types that require more strategic planning than others. For example, you can activate super moves in

pairs and in triplets, which is great for when you're surrounded by a large amount of enemies.

Fighting is done by tapping the corresponding joystick to attack, but it's also possible to place bombs on the screen to cause certain enemies to explode. In

addition, you can use the special power/buffs that are given to your fighters by adding time to their attacks.

You have a variety of different special moves available, but these can be activated by an event card that appears after a certain amount of time. There are

four types of cards available – making your fighters invincible for a 3da54e8ca3
