balang 1641945491 ... /S: otherwise I would love to buy it! Thanks! But in this version, not all pictures are displayed correctly. Do I have one? And why in the "general" link to download all versions except the latest one? And then I did not download all the files. Somehow it's not very accurate. Thank you for not making me reinstall the game and everything that comes with it. You are top notch as always. Thanks for the build.
