edsa technical paladin Nov 15, 2018, 08:18 PM Hello. There is a task: there are many elements on the form. But I can only place 2 in a row (as in the example from the topicstarter). How can you do it edsa wrote: Hello everyone. How can this be done? 2 in a row - like 1 in a row, it just won't work correctly, because the number of possible options for the location of one element is more than 2. In general, this is a question for the UI designer.
