Previous studies demonstrated that the treatment outcome of non-small-cell lung cancer (NSCLC) was related to CD44/CD133 expression. The present study was to investigate the correlation between CD44/CD133 expression and the chemotherapy-resistance of NSCLC cells and to explore the potential relationship between CD44/CD133 and the mRNA level of P-gp. The expression of CD44/CD133 and P-gp mRNA level was determined by reverse transcription-polymerase chain reaction (RT-PCR) analysis in CD44- and CD133-positive human NSCLC cells, respectively. The chemosensitivity of these cells to paclitaxel and cisplatin was assessed by MTT method. CD44 and CD133-positive cells were identified in 95.8 and 91.1% of NSCLC cell lines, respectively. An elevated level of P-gp was detected in the CD44- and CD133-positive cells. The chemosensitivity of CD44- and CD133-positive cells was significantly lower to paclitaxel and cisplatin than CD44- and CD133-negative cells. The chemosensitivity of CD44-positive NSCLC cells was significantly lower to paclitaxel, cisplatin, and etoposide. The chemosensitivity of CD133-positive cells was significantly lower to paclitaxel and cisplatin. The chemosensitivity of CD44-positive NSCLC cells to paclitaxel and cisplatin was related to the mRNA level of P-gp. Our results indicate that CD44/CD133 may be associated with the development of chemotherapy-resistance of NSCLC. CD44 may be related to the chemosensitivity of NSCLC cells to paclitaxel and CD133 may be related to the chemosensitivity of NSCLC cells to cisplatin.Save Article Obstructionists Could Hurt U.S. Aide: Obama PR Newswire The Obama administration, trying to protect the health care reform law from budget cuts, is conducting a "diplomacy offensive" in Congress in the face of growing talk that

A: Just because it's "spelling", doesn't necessarily mean it's just a typo. Just because a file name's "spelling", doesn't mean that file will always exist on any given drive. And just because a file name is just "spelling", doesn't mean that a previous version of a file was saved that way, that might be the problem. Description It's a dull day in Sin City. The monotony is broken by an engine repair specialist who ventures outside and sees a beautiful woman looking out of the window of an office tower. He asks her out and she refuses due to her employer being there, but changes her mind. Unfortunately, she needs a way out of her office. It can't be her office because she's done nothing, so she's trapped. She makes a deal with the repair specialist to return the engine for free if she's allowed to use his keys to escape from her office. The repair specialist is not thrilled at the prospect of someone escaping, but she seduces him in a plot twist I didn't see coming.Lost Girls (album) Lost Girls is the second album released by post-grunge band Face to Face (formerly known as Goldfinger). The album was released on November 23, 2000. It was released on vinyl, cassette, and digital format through MySpace Records. Track listing "Panic Room" (Lucas, Toomey) – 4:20 "Sweet and Lowdown" (Eddie Cochran) – 3:09 "Money for Nothing" (Cochran) – 3:18 " 3da54e8ca3
