I got an interesting question on a site I visit. It's a question I would appreciate feedback from the community on. The question is based in a fictional environment. "Jean" (not real name, but it is a quote from a movie) is a young up and coming competitor in a race that is a popularity contest to gather the most points to win the race. Jean is told to "increase her visibility" and in the process is given the task of traveling to her destination. Jean has a stop and go that occurs at a midway point where she is told that at the next station she must sell "2 flasks" of water. Jean has an advantage in that they are needed for races because it reduces the time spent at the station. Jean sells the 2 flasks, and walks on to her next destination. Jean gets to her final destination to realize that the race was just a ruse to sell some water. Jean finds out that the reason she was stopped was because the driver

Michael Jackson Bad Album Zip Download By Mike McPhee, The Press Enterprise Posted: 2/16/2010 11:45:47 PM MST Updated: 2/17/2010 12:07:03 AM MST LOS ANGELES □ Michael Jackson's "Bad" is going on sale The full album is being released digitally on Tuesday in all states except Washington, where it won't be available until Sunday at participating retail outlets. If you want to know what came first, you need to ask the late Jackson's music publisher at the same time "Weird Al" Yankovic was releasing "Alapalooza." Two men from Jackson's camp and a group of music publishers publicly went public late Tuesday with a secret: a deal to release the full album on the Internet as a digital download. The eight-song album, which was long announced as part of Jackson's tributes to the Beatles, the jazz giant Miles Davis and Prince, will be available on iTunes, Amazon.com and other digital download sites starting at midnight Tuesday. In all states except Washington, where it will be sold only at Wal-Mart, it will be available for \$8.99. Sony Music Entertainment, Universal Music Group, Warner Bros. Records, Sony's RCA and ABKCO Music Group each owned a portion of the album rights until recent years when a music publishing company controlled by Jackson's mother, Katherine Jackson, bought all of them. The album was on its way to retailers when the parent Jackson estate sued the publishing company, claiming it had no valid deal to distribute the album. The publishing company, Oneness Music Publishing Corp., sought a stay of the lawsuit and a decision on the merits. With the court's ruling yesterday ordering a stay, the publishing company's parent, Arista Records, released the album, which then went on sale Tuesday. A judge is considering whether to lift the stay and let the album go out. The album is now publicly available, just like "Alapalooza," the parody of "All Things Must Pass" by Yankovic. Jackson's manager, Michael Brantley, said Tuesday that the album is selling well and clearing big retail chains. The album is expected to clear the boxes of hundreds of stores. "Hopefully, if this is a success, we'll be able to do more," he said. "I'd
