Buy items to grow stronger: Win by out-itemizing your opponent and destroying their throne. Skeleton Skism is a Real-Time-Strategy (RTS) style game that is set in a medieval fantasy world. Skeletal Skism is a combat-based PVP real-time tactics game where your strategy and strategy can be the deciding factor in the game. Skism (or Skeletal Skism) is an RTS style game set in a medieval fantasy world, where the aim of the game is to defeat your opponent, and take over their throne. However, there is a higher level of competition than just taking over the throne, the race to be the strongest skeletons is also in full force. A player can construct their own build by purchasing items and skills. The goal is to out-items and out-itemize your opponent so that you destroy their throne. Skeletal Skism takes the concept of Tactic Ogre from the old school game Ogre and, with a few new ideas, creates Skeletal Skism. This game has been designed to have an easier learning curve to master while still being fast paced and more difficult than any other game on the market. But, Skeletal Skism also has the versatility of being able to still be played by those who have already played the other games that are similar to Skeletal Skism. **Summer Fling is a 2019 American independent comedy film directed by Casey Silver and starring Christina Rose, Collette Wilkins, Bryant Rubio and Aaron Solis. The film marks the directorial debut of Silver. The film was released on August 13, 2019, by Netflix and stars Christina Rose as Rosemary, a woman who has left her fiancé to follow her big ambition of winning the championship race of the World Series of Poker. The second half of the film takes place after Rosemary loses the race and travels to Mexico, where she navigates her way home with the help of her the "Unicorn Riders" and their pilot Fidel.**

**Plot Rosemary Jones (Christina Rose) is a college student who has just successfully completed her final exams. She was told by her mother that she needs to be practical and finish school so she can start making money. Rosemary is excited for her mom to be happy, but is confused when she learns her mom is getting married. Rosemary flies off the handle upon learning about her mom's wedding and decides to elope to Las Vegas and try her luck at winning the World Series of Poker, her goal since she was a young girl. Summer Fling begins after Rosemary's flight from North Carolina, as she realizes her life is not what she had hoped for. While in line for her baggage claim she locks eyes with a man named Boyd. The man talks to her to try to open her up and they decide to take an Uber to Boyd's house. Boyd calls Rosemary's mom and tells her what happened and they decide that Rosemary should take a full break from college and have some fun. Rosemary also reveals that her dog died and Boyd tells her what happened. He comforts her as she cries. He tells her she's not a jaded person and that she needs more in her life. After Rosemary weeps that her life is a mess for a bit they end up at Boyd's house and they decide to have a jam sesh and watch some old movies. Rosemary then decides that she doesn't mind any of these things as long as Boyd likes her. She finds out that the casino is within her budget and so she goes in and talks with Boyd's girl neighbor about the poker. The neighbor knows Rosemary is a poker player and her key to winning is up to speed. Boyd comes out and makes her drink some "rick sauce" which turns out to be alcohol and then they let her go to bed**

Train Simulator is the world's most popular hobby and professional-quality train-simulation game. Developed by SCS Software, best known for its FSX model of the World, Train Simulator brings professional-quality graphics, highly-detailed 3D environments and a dynamic weather system to the hobbyist market. The Train Simulator represents a whole new genre of simulation that simply couldn't be created without the amazing power of high-end PC and graphics hardware. Train Simulator is great value for money, with the standard edition containing more than 300 high-resolution locomotives plus over 250 railway vehicles. The FSX version of Train Simulator has been revised with the help of many existing Train Simulator players and FSX's development team to create the best simulation of the train travelling experience available. The improvements include fly-by animations, improved suspension and damage effects, the introduction of slow-motion engine sounds, whilst retaining the ease of use and accessibility of the previous Train Simulator. Three different routes are available for all customers, with more routes being added regularly: The USA Track Bias, covering the USA in 1,500 trains on 160,000 route miles, including the USA's main freight routes including the east coast, west coast and transcontinental trunk routes, all of which are covered in detail in over 100 routes, in addition to four US scenic routes. The European Track Bias, covering 3,500 trains on over 400,000 route miles, including the UK's main freight routes, all of which are covered in detail in over 100 routes, in addition to three European scenic routes. The World Track Bias, covering 1,500 trains on over 160,000 route miles, including major freight routes across the Americas, Europe and Australia, in addition to nine scenic routes. What is this? This is a walkthrough of my approach to the PVE content of Monster Hunter: World. I am not an expert at the game by any means, so if you find a workaround I haven't covered, feel free to share it on the reddit thread. Ladders and Stat Buffs Since the title of this guide is "The PVE Guide", there are going to be some things about the game I won't cover. The PVE content is completely balanced around stat buffs and ladders. If you want to get gear
