"Zephyr Lite is a prequel to the original Zephyr games, but nevertheless, a great Zephyr game. With its superb visuals, unique mechanics, and amazing music, it is easily one of the best 3D MMORPGs on Steam!" - Camelotz, 3DMMORPG.com "We would like to thank the developers of 3DF Zephyr on Steam for making this game possible. You can get it here. You can try it out for free, too, but remember that you cannot carry anything from the free to the full game, since the lite has no storage space for this and other currencies" - Lethalion, 3DMMORPG.com 3DF Zephyr : 3DMMORPG.com's official review of 3DF Zephyr: "After a short and incredible journey, I just wanted to sit down with my monitor and play more of this game. It's a free game, and you don't need to have an account in order to play this. Everything you need is contained within the installer. There are a few background movies that can be played before actually entering the game, but nothing more. Once you're in the game itself, the experience is good in terms of the visuals and the sound. It's a free game, so some bugs and technical issues might be expected." 3DF Zephyr's Early Game: • Feature 1. A free costume for Leifang. Minutes Details "I write in relation to our building in the Covid-19 crisis context. Our family home is a Housing Association property and because of the importance of maintaining our possessions we decided to store most of our belongings at our shared parents home. The building is part of a Housing Association (Social Housing) providing housing for people to use at very affordable prices. This benefit comes with monthly charges that are higher than an average London property. Due to the recent government intervention all services in private housing associations have been suspended. Landlords have been told not to charge rent. Although we paid our rent we have not received any further payments and know that we cannot afford our rent because housing centres are closed. We will only be able to access our property as tenants and not as residents. We know that the good tenants will be accepted into a private rented accommodation and may be overlooked. The**

So we will be looking at suing the multi-million corporations in relation to the bankruptcy that is still ongoing. It would be great if there were a way that both local councils and Housing Associations worked together to ensure that tenants affected by Covid-19 were given as fair and just a chance as possible.
