
Ryuichi Sakamoto Merry Christmas Mr Lawrence Flac PORTABLE

It is somehow fitting that Matsumoto recorded Merry Christmas Mr Lawrence with the same keyboardist who provided the solo parts for the first two Guinness album covers; his solo piano playing on this track is a revelation. Kiyoshi Sato had previously played with Sakamoto on Amerika and can be heard on Sylvia.

I reckon this is an album for die-hards. Sakamoto's propensity to experiment is endearing enough. Then, to release the album as an anthology of the Human League/OMD era is an incredible stroke of genius. I also love the video, which is an eighties rave groover directed by Ryuichi Sakamoto. The gritty production is scuppered by some typically lush vocals, but they don't spoil the instrumental spunk on The Ballad Of William Tell. I especially like the use of guitar and strings in Echoes. After a stint with the Human League, Ryuichi Sakamoto became an instant favourite with the indie scene. He played guitar and wrote songs on his own. He also wrote music for the soundtrack of David Durands award-winning short movie Merry Christmas Mr Lawrence. This film stars David Bowie and Ryuichi Sakamoto, and you can hear his eerie soundtrack on the official tracklist. He was also the composer of the opening ceremony of the 1992 Barcelona Olympics. His work was featured in the movie Ryan Giggs Again; his technique lends itself well to a wide range of styles. Ryuichi Sakamoto also wrote the music to the International Super Soccer which is a football football game. It is loosely based on Konami EPG:EPG Football The first album has been remastered and re-released by Ryuchi Sakamoto himself, complete with the original pictures on the back cover, in 2013. The package includes a disc of exclusive previously unreleased tracks, including his remix of Louis XIVs Birthday, Bewitched, Bothered & Bewildered, Demons, Oade, Here Comes Tomorrow, aka. West Side Story (various versions), Amsterdam, The Third French Republic, In Search Of Sunrise, and Firecracker (live).

In 1981, almost at the same time he released Merry Christmas Mr Lawrence (aka Merry Christmas Mr Lawrence Flac) a remake of a 1975 film Merry Christmas, Mr Lawrence, Ryuichi Sakamoto teamed up with David Sylvian to create Yellow Magic Orchestra. They formed the band with the goal of combining jazz and world music, electronic music and rock music. Together they released six albums and collaborated with art pop legends, including Marina Diamandis, Laurie Anderson, Yoko Ono, Glenn Branca, and Laurie Anderson. Inspired by this amazing collaboration, David Sylvian is pleased to be making these live tracks for this special occasion, and Makoto Yoshizawa has performed the original music for the original Merry Christmas Mr Lawrence. Sylvian and Sakamoto are inseparable soul mates who share a deep understanding of music, art and each other. Sylvians performances have a certain intensity and suspense, very similar to a jazz performance and this can be clearly heard on the songs tracks.
